# Escape Winter with RawHyde's ESCAPE THE WEATHER ADVENTURE!

in partnership with Bob's Motorcycles

## March 20 - 29, 2025

Depending on where you live in this country the seasonal weather can have a dramatic effect on the enjoyment of your "ride" or it can simply halt your ability to ride. So, whether its cold and icy, or hot and unbearably humid where you live, RawHyde has an escape for you!

RawHyde Adventures has been an "Official Partner" of BMW for over 15 years and has facilities in the two most "moto weather-friendly" places in the U.S. – which are California and Colorado respectively.

When it's frigid and icy from Minnesota to Maine, our California location typically has sunny skies and 70 degree weather conditions. And when its hot and muggy from New York to Florida, our Colorado location rarely exceeds 80 degrees, plus there is **NO** humidity! Both states have amazing riding opportunities and are also easy travel destinations!

If you want to escape from the icy grip of winter, join the team from Bob's Motorcycles and head to California for a world-class training experience and adventure ride! RawHyde is the only BMW Motorrad sponsored and supported off-road training school in the U.S. Our programs have something to offer everyone from beginner to expert.

### Training Itinerary

**Thursday Evening:** The experience will begin with your arrival at the RawHyde Training Center where you'll have a gourmet welcome dinner and an orientation session to walk you through the details of your week.

**Friday:** After breakfast you'll join your group for a four-hour classroom session on ADV preparedness after which lunch will be served. Next you'll get a four-hour "Introductory Riding Clinic" which will help you get set for the weekend session.

**Saturday:** Your training session will begin with a short classroom session on the physics and dynamics of off-road riding. From there you'll be on the bike all day as you work through the first 10 lessons of our BMW-approved curriculum! These lessons include balance and control exercises, braking, skidding, counter balanced turning and more.

**Sunday:** You will continue with learning how to navigate off camber turns, steep hill climbs and descents, sand and rut riding plus special obstacles and more. The day will wrap up with "graduation" and briefing on the following six day adventure!

CALIFORNIA

# Six More Days of Adventure in the Mojave Desert! Here's How **RawHyde's ESCAPE THE WEATHER ADVENTURE** Will Unfold!

Official Partner of  
**BMW  
MOTORRAD**

If you opt for California, you will experience a Mojave Magic Adventure (MMA). This tour was specifically created for folks who live in the colder regions of our country!

It's simply a fact that in the cold winter months there is no better place in America to visit than southern California. The majestic and magical Mojave desert is an amazing world-renowned destination which contains one of the largest off-road playgrounds in the United States. There are thousands of miles of dirt roads and trails throughout the Mojave.

In 2013 RawHyde strategically created a unique 100 acre "ADV-oriented" facility called ZAKAR near the western edge of the desert. This will be your "Gateway to Adventure" in the Mojave!

There is so much to see and explore in the Mojave: Joshua tree forests, ghost towns, old mining sites with fabulous relics of the past, even Death Valley, which is Americas second largest National Park and the crown jewel of the Mojave.

You'll spend a week exploring a myriad of other fabulous places as we show you the best of the Mojave. This tour is *not* a race through the museum, but a full immersion in the grandeur of the desert. When you're done with this trip you will want to come back, not because you missed anything, but simply because you've fallen in love with the place!

## **Mojave Magic Adventure Itinerary**

**Day 1:** You'll leave RawHyde's ranch after breakfast heading to ZAKAR. The day's ride entails going through the coastal mountains of California on local dirt roads before dropping down into the Josua tree forests of the desert.

**Day 2:** You'll leave ZAKAR for Death Valley via the remnants of an old ghost town named Ballarat and then to Augueberry point for a stunning view point over the entirety of Death Valley.

**Day 3:** Spend the first part exploring Death Valley at renowned sites like Titus Canyon, Zabrisky Point, 20 Mule Team Road and more! After lunch you'll head back to ZAKAR via the incredible Trona Pinnacles.

**Day 4:** After breakfast you'll head high into the pine forests of Sequoia National Park. Epic views over the desert and the pine scented air make for a fabulous day of alpine riding.

**Day 5:** Explore the El Paso Mining district in the low-lying mountains of the Mojave. The highlight will be a walk through Burro Schmidts Tunnel, the only mine that is still open for exploration in the Mojave. It's a half mile long and was dug by hand in the 1920's and 30's, going through a mountain and the view from the back side is stupendous!

**Day 6:** All adventures have to come to an end. You'll transit from RawHyde's location to the airport... or head for home on wheels. RawHyde's Escape the Weather Adventure: mission accomplished!

Retail Price is \$7995  
**Bob's Motorcycles  
Special Deal: \$7495!\***

Includes the BMW motorcycle of your choice (pending availability) all lodging, meals, adult beverages and event shirt plus CA airport transfers. *\*airfare not included!*

Ask Drew Alexander about how to sign up for RawHyde's Escape the Weather Adventure through Bob's Motorcycles. Have more questions? Contact RawHyde at [info@rawhyde-offroad.com](mailto:info@rawhyde-offroad.com) or scan the QR code for more info.
